DANVILLE TO HAVE ANOTHER NEWSPAPER

Louis Landrum and Hubert McGoodwin to Establish The Semi-Weekly Messenger.

Danville is to have another newspaper, to be started within the next few weeks, or as soon as the plant can be secured, by Louis Landrum and Hubert McGoodwin. For almost five years the Kentucky Advocate, a tri-weekly, has been without opposition there, since the consolidation of the News and the old Advocate. The field has for some time been a tempting one, as Danville is claiming almost 10,000 population now and the merchants are live ones.

The new paper will be known as the Danville Messenger, it is said, and will have ample financial backing and be issued semi-weekly. Mr. Landrum is one of the best known and most capable newspaper men in the State. For years he was editor and proprietor of the Lancaster Record and for some time has been editor of the Richmond Climax. Mr. McGoodwin is a prominent capitalist of Danville.

Judge C. R. McDowell, attorney for the company which will back the new paper, told of the plans for its establishment here Monday, where he was on business, accompanied by Attorney Chennault Hugely, also of Danville.

Horse Ran Away

Russ Dillion Thrown Out and Has Narrow Escape From Injury.

Russell Dillion, a well-known citizen of the East End of the county, had a narrow escape from death or serious injury when he was thrown from his buggy when his horse ran away Sunday. With him at the time were Forest Scott and a small boy, neither of whom was hurt. The horse began running near the Cedar Creek station on the Crab Orchard pike, when the backing strap broke. When close to Warren Garner's store Mr. Dillion was pitched out by a sudden turn that the animal gave. The other occupants of the buggy remained in, however, and after running about a mile, the animal was brought to a stop, with the buggy badly smashed. Mr. Dillion's face was considerably bruised up but his injuries are not serious.

Defective Flue

Causes Small Fire in Lancaster Street Storeroom Sunday.

A defective flue in the storeroom on Lancaster street occupied by Robert Fenzel, set fire to it Sunday morning just about Sunday-school time, and caused much excitement in town for awhile. The fire department got the fire fighting apparatus into play in short order and with splendid pressure from the water works, soon had the blaze out, with a damage which will not exceed \$100, it is believed. The building is owned by J. N. Saunders, and he has his law office on the second floor. Some damage was done by water here, in addition to that of the fire.

The fire would undoubtedly have been a dangerous one, had it obtained headway, as the building is almost in the center of the block, surrounded by buildings of an inflammable character.

You can keep your property of all kinds fully protected against loss by fire by seeing the old reliable insurance firm of Fish & Pennington.

Two Fingers Cut Off.

Frank Wilcher, a youth of 17 years, had two fingers cut off his left hand by a circular saw in the factory of the Columbia Singletree Company at McKinney last week. The lad reached under the lumber on which he was working and the saw caught his hand and sliced off the fingers almost before he realized it. The injury was dressed and he is doing nicely.

The Lash of A Fiend.

would have been about as welcome to A. Cooper, of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome at night," he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, croup, whooping cough, sore lungs, la grippe, asthma, hemorrhage, croup, whooping cough, or hayfever. It relieves quickly and never fails to satisfy. A trial convinces. 50c. \$1. Trial bottle free. It's positively guaranteed by Penny's Drug Store.

J. L. HASTY, of Level Green, has been on a visit to his son, Emmett Hasty, a prominent farmer of the Turnersville section. Mr. Hasty reports the death of his father-in-law, J. M. Hurst, who for many years was a valued subscriber of the I. J. He died at the ripe old age of 78 years.

ANOTHER BABY LEFT ON DOORSTEP

Beautiful Little Boy Waif Found At His Front Door By Ollie J. Spratt.

The third baby to be left on doorsteps here within the past six months, was found at his front door early Monday morning by Ollie J. Spratt, a well-known farmer, living near Rowland, this county. The baby is a boy and seems about a week or 10 days old. He is a very lusty youngster and a beautiful child. The little fellow was snugly wrapped in a blanket, but there was absolutely nothing to indicate its identity.

Mr. and Mrs. Spratt took the little thing into their warm home at once, and will keep it until the authorities decide what shall be done with the little waif. They have several children themselves. Everyone who has seen the waif has commented on its beauty.

KENTUCKIAN TIPPED FOR PANAMA JOB

M. H. Thatcher Strongly Endorsed For Place on Canal.

Washington dispatches say that the chances of M. H. Thatcher of Kentucky, to get on the Panama Canal Commission, are receiving fresh attention and one Kentucky Congressman said that he had information to the effect that Thatcher would surely be given a good place with a handsome salary.

Congressman D. C. Edwards has introduced his bill to appropriate \$50,000 to improve the "Old Wilderness Road" from Cumberland Gap to Boonesboro. The bill provides that the right of way shall be 60 feet wide and the roadway proper 20 feet wide and of limestone macadam. He thinks he has sufficient assurances to warrant him in saying the bill will be passed.

Senator Paynter and Congressman Ben Johnson have secured a hearing before the Senate committee for this week on the bill introduced by Senator Paynter to appropriate \$150,000 for a dam on Green River.

Hogs Sell at Twelve Cents.

Col. J. P. Chandler reports that a splendid crowd attended the sale of W. F. Monks, near Crab Orchard, Saturday. About 500 people were present and bidding was very active. Hogs sold at 12c; Jersey calves weighing 200 lbs. went for \$35; horses brought from \$100 to \$124; cows \$3.60 and farming implements were in great demand.

NEWS NOTES.

Rev. John H. Boersig, of Madison, Ind., died at Indianapolis from blood poisoning contracted about one year ago while he was administering sacrament to a dying parishioner.

Sixteen lives, mostly those of young girls, were sacrificed in a fire which destroyed one of the L. Fish Furniture Company's stores at Chicago. One of the girls, Emma Lichenstein, was killed by jumping from a sixth floor window.

The pension bill, carrying appropriations aggregating \$156,000,000, was passed by the House. By a vote of 76 to 94 the House refused to strike out the provision which abolishes 18 pension agencies throughout the country.

Enraged because his wife had gone to the theatre with her brother, Alfred Mitchell, a carpenter, of New Orleans, shot and probably fatally wounded her, seriously wounded his 12-year-old son and seven-year-old daughter, and then shot himself in the head, dying instantly.

Only four buildings are left standing in Mount Hope, W. Va., as the result of a fire which practically wiped out the little town. Starting in a business block, the flames consumed nearly 400 structures before lack of further material for their progress caused them to die down.

A Man of Iron Nerve.

Indomitable will and tremendous energy are never found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills, the matchless regulators, for keen brain and strong body. 25c at Penny's Drug Store.

WOMEN OF CITY ORGANIZE CIVIC LEAGUE

Call May be Issued for Meeting At One of The Churches At Early Date.

Not only the men, but the women, of Stanford are beginning to realize that by active co-operation and organization they can do a great deal toward making this city a better place to live in.

Steps are about to be taken by the men to organize a commercial club and now the women are talking of forming a civic league.

The matter was discussed at some length at a recent meeting of the Current Events Club and found much favor among the members.

Other small cities in Kentucky have civic leagues and the good women are doing a splendid work in making their home towns cleaner, prettier, more sanitary and better improved in every way.

The argument that Stanford should not be behind her sister cities in the adoption of modern methods for self-improvement, is finding much favor nowadays. The women believe that they can lend great assistance in so laudable an undertaking and the men undoubtedly agree with them.

It has been proposed that the wives of the ministers in the city jointly issue a call for a meeting of all women interested in the betterment of the condition, to be held at one of the churches, for the purpose of effecting active organization of a civic league.

Tobacco Beds Galore.

Extensive Preparations Being Made To Raise The Weed.

If farmers in other portions of the county are making as extensive preparations for tobacco growing as the East End soil tillers, then, indeed, this will be the banner tobacco year for Lincoln county. An I. J. man had occasion a few days since to traverse a part of the East End of Lincoln county and was struck with the number of beds that may be seen from the Stanford and Crab Orchard turnpike. Within a distance of about two miles he counted 11 beds ranging from 50 to 160 or 175 feet in length and from three to six feet in width. These beds lay within a short distance of the turnpike, while far away to the right and left, and almost beyond the range of vision, a strip of canvas looms up white against the dark background, which, if the times were troublous, would be the guide post for many a midnight rider. In the Dripping Springs section the same conditions can be seen, though on a diminutive scale. The soil is rather thin and tobacco raising there may be regarded more in the nature of an experiment than a certainty. If, however, the price of tobacco remains at the present figure, the man who owns even "gumbo" land can make some money, while he of the bluegrass will reap a harvest of gold.

Shot Himself In Ankle.

Tom Chancellor, a well-known young man of the Crab Orchard section of the county, was severely wounded in the ankle when a pistol he was carrying, dropped, and going off, shot him in the limb. Luckily the bullet penetrated only the fleshy part of his leg and did not break a bone.

Rural Route Extended.

Rural Route No. 4 has been extended two miles north east of Preachersville, giving daily service to people in and around Dripping Springs. The order is effective April 1st and over 4,500 people will be supplied with mail from the Stanford postoffice.

Building Lot Sold.

A large and beautiful building lot was sold by Hughes & Florence on Logan Avenue to Contractor J. A. Allen, who will erect three nice cottages at once. Logan Avenue is becoming one of the prettiest residence portions of Stanford.

Don't Break Down.

Severe strains on the vital organs, like straining machinery, cause break downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters the matchless tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c at Penny's Drug Store.

PROF. IRELAND WRITES MORE OF N. E. A. MEETING

Importance of Teaching Patriotism In Schools Impressed On Educators.

Prof. J. W. Ireland, continuing his interesting discussion of the work of the recent convention of the National Educational Association, at Indianapolis, the first chapter of which appeared in the INTERIOR JOURNAL of a recent issue, writes as follows:

The importance of teaching patriotism in the schools of our land, as a means to a greater nationalism, was the burden of the message of U. S. Senator Albert J. Beveridge in his masterful address to the superintendents assembled in Caleb Mills Hall in Indianapolis. In an eloquent introduction he asks, what is education for, and answers with these words: "It seems to me that the purpose of what we call education is life. It is to make human beings able to live and to understand God's purposes better; to make every breath they draw more worth while; to make every heart golden with meaning. Its purpose is nothing more than to make God's children approach their Father."

Just here we are constrained to say we need a patriotism that will make us loyal to our country, a loyalty which makes one not only willing, but anxious to die, if need be, for our native land. Parents can help in this instruction by teaching their children to be loyal to our own schools; industries, business systems, et al. Do you boast of Stanford's enterprise, her public men, or do you criticize and disparage? Do you tell the child teacher is good, preacher is good, county officers are good, etc? Perhaps you speak disparagingly. Is this teaching patriotism or loyalty? Let us teach the children ideals and the love for the western world.

It is not impossible to teach patriotism. Read patriotic literature [and inspire young minds to preserve and to strengthen the republic.]

The republic is not, however, a fiction; nor is it to cause the ignorant to cheer at political gatherings. It is to give persons living under it the best chance to live their lives. A republic must depend on its citizens. The greatest forces in the proper guidance of its citizens are a healthy public opinion, the pulpit, the press and the schools. Love of country is richer than calculus and more than modern or ancient languages. The Senator said further that indifference in time of peace was what is rotting out the heart of the republic. It is not enough to die for your country in time of war, but to live for it in time of peace.

After Senator Beveridge's address the educators were given a reception at the John Herron Art Institute, where are portraits of Indiana's favorite sons and famous works of art.

Physical education and life needs were discussed largely in the latter part of the session. The tendency was to rationalize education and not make the whole purpose of school to turn out literary or clerical persons. Speaker Joe Cannon recently said if you desire to know who are to be rulers, go to the farm and the public school and find the children of the sons of toil, who, under God's fiat, are eating bread in the sweat of their faces, and are building castles in Spain.

We see that concurrent opinion bears us out in the assertion that we need a richer moral ideal and a higher standard for citizenship. Talking better morals and better citizenship is like talking physical culture—both must be practiced if practical benefit is to be derived. Give heart training as well as head training, both at home and in the school, and this republic will remain as it is today, the greatest experiment in liberty.

Doing and not simply knowing was the magic word at all sessions. Efficiency is not measured by what a man knows, but rather by what he can do with what he knows. The one care which we as teachers must exercise is to avoid frills and fads. "The fad is a barnacle that attaches itself to the educational ship and the inexperienced are sometimes prone to mistake the barnacle for the ship. We do not mean by this that we should not adopt new plans or methods, but do not discard entirely the old. Every progressive farmer now has a mowing machine, which has taken place of the old scythe, but he still keeps his scythe to get into the corners where he cannot take his mower. So with old-time and modern methods—a combination of the two will make the golden mean.

The closing days of the meeting were devoted to physical training and hygiene. Stress was placed upon the necessity of strong bodies in teacher and pupil, for the reason that the basal principles of successful teaching—enthusiasm, sympathy, good nature and

patience—depend upon good health. Bad air, poor feeding, lack of exercise and idleness, produce vicious citizens. We need less physiology and more hygiene.

We have dealt thus extensively with these thoughts, with the hope that every reader of these lines may be inspired to give more attention to the school interests and may co-operate more heartily with all school officers in ameliorating the conditions of our State, county and community.

"Is thine hour come to wake, oh, slumbering night?"

Hath not the dawn a message in thine ear? Though thou be stone and sleep, yet shalt thou hear

When the world falls from heaven—'Let there be light!'"

In the words of Robert Louis Stevenson, there is contained a wholesome thought and lesson, which the writer would leave with those who have been so generous as to read the educational articles, and also with those who may be so interested as to desire to help in the one common cause. "Give us to awake with smiles; give us to labor smilingly. As the sun returns in the east, so let our patience be renewed with the dawn; as the sun lightens the world, so let our loving kindness make bright the house of our habitation."

We close with a wish which has been poetically expressed, and we use poetry not so much for ornament, but because it is oftentimes the hand-maid of thought's best expression:

"By the welkin blue above us,
By the dear souls who have loved us,
Let us strive to be
Higher than the world around us,
Broader than the realm that bound us,
Great as mortal men may be."

LACK OF FUNDS REASON FOR VETO

Many Appropriations Cut Off By Gov. Willson.

A total of \$463,370 of the appropriations made by the General Assembly at its recent session, will be paid by the State. Gov. Willson approved or allowed to become a law, bills appropriating that much money. Of this he allowed to become a law without his signature a total of \$274,792.57. Adding this amount of appropriations allowed, to the deficit of \$1,133,660, which already exists, leaves, the governor says, a deficit of \$497,070.38. The appropriations made, and allowed by the governor would require an increase in the tax rate of six cents if the amount is paid. He says some of this can be made up by reducing expenses.

Two New Autos

Purchased By Stanford Men...Machines Becoming Popular Here.

James F. Cummins went to Louisville Sunday to bring overland a handsome Regal automobile, which he has just purchased. It is a four-cylinder, five passenger car and is said to be one of the best on the market. Geo. Harris has just purchased a trim little Hupmobile car, in which he is spinning about town. Several others in the city are talking of buying machines and the fast method of locomotion seems to be getting very popular in this section.

Three Dogs "Executed."

Deputy Sheriff W. S. Embry last week killed three dogs belonging to John Penman, a negro living in the Logantown settlement, which were "accused" of having been responsible for the deaths of many of Col. Huff Dudder's sheep. Conclusive evidence is said to have been produced of the guilt of the suspected canines and Penman made no objection to the summary execution of his dogs.

Big Sale of Whisky.

One of the largest sales of whisky which has been made at one time in Kentucky for many years was by Dowling Bros., owners of the old D. L. Moore distillery, at Burgin. The sale was made to Cincinnati dealers and consists of over 7,000 barrels of whisky in bond of the crops of 1906-7-8-9-10, which, with the internal revenue to be collected as it is taken out of bond, will have a money value of nearly \$500,000.

It Saved His Leg.

"All thought I'd lose my leg," writes J. A. Swenson, of Watertown Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it, sound and well." "Infallible for Skin Eruptions, Eczema, Salt Rheum, Boils, Fever Sores, Burns, Scalds, Cuts and Piles. 25c at Penny's Drug Store."

PROFESSIONAL WILL COACH LOCAL TEAM

Stanford Boys to go After Amateur Base Ball Championship Of State.

Stanford easily won the amateur base ball championship of Central Kentucky last season, and plans are on foot this season to put a still stronger team in the field to go after all the honors in sight. Arrangements have just been concluded whereby the base ball team of the Stanford High School will secure for a term of two weeks the services of Arthur Long, as coach. Long was the star outfielder of the Blue Grass League for the past two seasons, playing in center for Frankfort. He was the captain of the Frankfort nine when it won the pennant the first year of the League and is one of the fastest men and best diamond generals in the State. He will report here the first week in April and will be given full charge of the base ball squad at the school. He will put the men in the positions for which he considers them best qualified, and run the team according to his own ideas, which have always proven so successful in the past.

Those who have seen the Stanford boys in action say that a number of the men are good enough right now to go into the Blue Grass League with a little training. Many believe Mike Penny as good a backstop as there is in the Blue Grass, while Wesley Embry and young Singleton are very effective in the box. There are a number of candidates for the different positions, but the ones who make them on the regular nine will be those who show Coach Long best what they can do.

Prof. J. W. Ireland, who will manage the High School team, has already received a challenge from Lancaster for a series of two games to be played early in May. Those will probably be accepted with alacrity and others issued to Danville, Harrodsburg and Lawrenceburg. The Stanford fans are eager for the formation of a Central Kentucky Amateur League and are backing the boys here for all they are worth. They believe that this year's nine, after two weeks' work under Mr. Long, will be able to hold its own with any strictly home talent team in the State.

DEATH CHAIR.

Electrocution At The State Penitentiary Takes Place of Gallows

Death "by the rope" in Kentucky, at least under lawful conditions, soon will be a thing of the past, as Governor Willson has approved the bill introduced by Senator Herman Newcomb, which substitutes electrocution as the means of inflicting the death penalty. The law also provides that such electrocutions shall take place within the walls of the State prison at Frankfort. This does away with the "hangman's day," which has long been a recognized institution in Kentucky. An execution generally has been looked upon as a ghoulish show. Just how the prison commissioners will provide for this method of execution is a question. Dr. Joe Bar, prison physician at Frankfort, expressed the opinion that it would require an appropriation of \$25,000 to properly equip the penitentiary for the electrocution of condemned persons. This appropriation was not made, and it will be a difficult matter to provide the means under the present circumstances. Kentucky has taken a long step forward in the opinion of criminologists, in passing the State from the ancient and repulsive method of legal execution, even when conducted as privately as possible, the Commonwealth has taken rank along with many other progressive States.

Court Closed at Lancaster.

Special Judge P. M. McRoberts closed the regular term of the Garrard circuit court Saturday afternoon, after a rather busy three weeks. The next term in this district will convene in Danville, Monday, April 11th, which Judge Saufley will be able to hold. Mr. McRoberts' services as special judge were eminently satisfactory and we hear many complimentary comments upon his fairness and ability to dispose of the business placed before him.

Will Locate In Lincoln.

Lincoln county looks so good to Dr. W. J. Childers, of Livingston, that he has decided to come here and locate. He will make his home near Hustonville, and will undoubtedly be cordially welcomed by the hospitable people of that community. Dr. Childers was here this week looking over the field and is well pleased with his prospects. He will move here about April 20th.

THE INTERIOR JOURNAL.

Entered at the Post Office at Stan-
ford, Ky., as Second Class mail.

HON. HARVEY HELM
of Lincoln county, is a candidate for re-
nomination for Congress from the Eighth
district, subject to the action of the demo-
cratic party.

THE commission form of government
in which four or five men are entrusted
with the offices of a city is now the
fad. The late Legislature gave cities
of the second class the right to adopt
the innovation by popular vote, and the
Lexington papers are boosting the plan
for all its worth. If half what a writer
in Everybody's Magazine claims for
the commission form is true, it will cer-
tainly fill a long-felt want in those cit-
ies which have so long been mismanag-
ed by the old plan. In Galveston, Tex.,
Des Moines, Iowa, Cedar Rapids, Iowa,
and Sioux Falls, S. D., commissioners
have worked wonders in adding to the
beauty and conveniences of the cities,
and reducing taxation. For goodness
sake, let's all try it!

ROOSEVELT's home coming has been
fixed for June 17. He will find many
changes in the year he has devoted to
killing helpless animals, among them
that Uncle Joe Cannon is no longer a
peer but a vassal.

THE INTERIOR JOURNAL doesn't blame
Caleb Powers for getting \$500 for a
speech for the republican ticket in a
11th district county, but it thinks the
republicans were a lot of all-fired fools
to pay it.

MR. CARNEGIE speaks of it as "that
worthless dross called money." Yet
nevertheless and notwithstanding, the
master of Skibo Castle has been striving
for it all the days of his life.

Additional Personals.

MRS. MARY PENNY has returned from
a visit to Danville.
Mrs. W. W. HAYS spent Easter Sun-
day with Lancaster relatives.

MISS DAISY VAN DEVEER was the
guest of relatives and friends at Lan-
caster.

MISS RUSSELL BARKER, of Lebanon,
was the guest of her aunt, Mrs. W. P.
Kincaid.

MISS RUSSELL BARKER, of Lebanon,
was the guest Sunday of her aunt, Mrs.
W. P. Kincaid.

L. R. HUGHES and wife went up to
Mt. Vernon Sunday to be the guests of
Mrs. Hughes' father.

MR. JAMIE CARPENTER, wife and lit-
tle boys, of Crab Orchard, spent Sat-
urday and Sunday here.

PROF. E. W. GIBSON left Sunday for
Beckley, W. Va., where he will teach
the remainder of the scholastic year in
the Normal School Department. His
mother will remain here for the pres-
ent.

THE revival services at the Logan's
Creek chapel were resumed Saturday
evening. Mr. Hestetter, a talented
singer, will be present at the meetings
this week. Services are held at 10 A.

Tells Friends Farewell

**B. P. Shewmaker Writes Letter
On Leaving Moreland.**

Mr. B. P. Shewmaker, who will soon
leave Moreland to locate on a fine farm
in Mercer county, writes a letter of
farewell to his host of friends in this
and other counties thro' the INTERIOR
JOURNAL. He says:

Having resigned my position as agent
at Moreland, I wish to thank the peo-
ple of Lincoln, Casey and adjoining
counties through your valuable paper
for the many kindnesses and courteous
treatment shown me both in business
and personal ways. I have been con-
nected with the above counties in a
business way for 15 years and have
done business with almost every man in
them, and I feel safe to say that they
are all my friends. I wish to recom-
mend my successor, Mr. W. W. Ren,
as a man that will take up my work
and handle it, and will treat the people
in the right way.

I leave Moreland in a few days and
will locate for the present near Har-
rodsburg. I will be glad to see any of
my friends when they come that way.

Wishing you all success, I remain,
Yours truly, B. P. SHEWMAKER.

Note. King Eagle is five years old; dark bay
with one white hind foot; nice mane and tail. He
stands full 16 3-4 hands high, weight 1,425 lbs.
and well proportioned in every way.

A combined stallion with plenty of speed,
style and action, and his colts show that he is a
fine breeder. He had colts to come last Spring
that the owners refused \$150 for before weaning
time. He will make the season of 1910 at our
barn, one mile west of Waynesburg on Fishing
Creek at \$10 to insure a living colt. Mares trad-
ed, parted with or bred elsewhere without my
consent forfeit the insurance and the money be-
comes due at the time of such transaction. Care
will be taken to prevent accidents but not respon-
sible should any occur. Will also stand a

GOOD MULE JACK, SAM KEENE,
sired by S. T. Harris' great Billy Keene and out
of a pedigree jennet. Sam Keene is 14 1-2
hands high; black with white points. He has
proved himself to be a good breeder. Will stand
at \$8 to insure a living colt. A lien retained on
all colts until the season money is paid.

THE WARFIELD.

30021. Tr. 2124.

Property of S. M. Owens & Son, McKinney,
Ky. Dark bay stallion, 16 hands, foaled
Aug. 13, 1901, bred at Village farm, East
Aurora, N. J., sired by Dare Devil 230,
horse show winner, he won seven cham-
pionships, National Horse Show, first dam
Naughty Girl by Rex American 3880, four
years old, record 2:11 1/2, sire of American
Belle, three years, record 2:12 1/2, and 29 others
in 2:20 list, a son of Onward 1411 record 2:25 1/2,
sire of Onward Silver 2:08 1/2, and 175 others in
2:30 list. Onward was sired by Geo. Wilks
1816. See Dam Duerna sired by Mambrino
King 1275, sire of 80 including Lady of the
Manor 2:00 1/2, third dam Dotter by Nutwood
record 2:18 1/2, sire of 180 in 2:30 list, fourth
dam Topaz by Strathmore 408 sire of 90 in
2:30 list. Fifth dam Willard by Albion,
sixth dam Ned by Edwin Forest, seventh
dam Turner by Mambrino Chief 21. The
Warfield is an extra high class horse, not
afraid of anything, a high actor and as well
broken as any horse in and out of the stable,
has a good coat and carries nice head and
tail, this is a sure trotter, he stepped a mile
in 90 days handling, 2:24. The Warfield is a
truly made horse, of grand individuality
and bred in lines that entitle him to become
a sire of note seeing that he is a son of the
great race horse and famous progenitor
King Devil 230, he latter earned the title of
the "Monarch of the home stretch," while
on the turf, and after retirement to the stud
acquired imperishable renown as a sire.
Not only have the Dare Devils proved great
race horses but the family has furnished
champion show stallions of National
fame received more money in the showing
than any two stallions in the world.
Will make the present season at our farm
one mile from McKinney, Ky., at \$10 to in-
sure a living colt.
Will also stand good black Jack Brigand
Young sired by Brignoller; he runs back to
Brignoller on both sides. His colts sold for
more money than any Jacks in Stanford. He
is 15 1/2 hands; stands well on his feet; a sure
foal getter. He is perfect in every way.

He is a beautiful bay 15 1/4 hands high four years of age. He has more natural action than any horse living, and from his success as a show horse in his three year old form bids fair to make a greater show horse than his grand old sire, being undefeated in his class as a three year old and always getting his part in the stakes against the crack show horses of 1909.

This great young stallion will make the season of 1910 at the stock yards of A. T. Nunneley, Stanford Ky., at the reasonable figure of \$25 to insure a living colt. This magnificent bred young stallion will make the season of 1910 at my stable near Stanford, Ky., on the Shelby City pike at \$15 to insure a living colt. Don Varrick is 16-2 a beautiful chestnut short back heavy bone in fact the highest type of the trotter and perfect disposition. He is by the great Onward Silver 2:00 1/4, that won the \$5,000 Transylvania in a seven heat race in 1902 and the same year won the \$100,000 Bonner Memorial and the M. and M. all in broken heats and sold for \$25,000 and later for \$25,000. Don Varrick is bred exactly like Spanish Queen that won the \$5,000 Transylvania in 1908 making a record of 2:07 and was classed as one of the big four, being one of the greatest money winners on the grand circuit in 1908.

Onward Silver is by Onward, one of the greatest and best sons of George Wilkes. Onward's dam was the dam of Director, the sire of that great family of trotters and pacers. Don Varrick's 1st dam was by Wilkes Boy, by George Wilkes a full sister to The Way 2:15 1/4, and half sister to Madeline Patchen the dam of Rubber 2:10, Winchester 2:19 1/4, Billy Wilton 2:20, and Miss R. 2:28, 2nd dam Mary by Boy's Grey Eagle the dam of The Way and Madeline Patchen.
Don Varrick's dam produced Dr. Conner that paced a public half mile on the Lexington track at 16 months in 1908; and sold to N. W. Hubinger of New Haven for \$1,000, she also produced Maggie 1:50, that trotted a half mile on the same track at 16 months old in 1911 and sold for \$500. Don Varrick is fast game and always on the trot, very rarely ever leaves his feet. In 6 weeks handling last Fall he trotted a quarter on half mile track in 41 1/2. Sec. half in 1:16 and the mile in 2:27 1/2 on the outside of track. Please note the rich inheritance of speed on both sides, not a missing link for generations. Bred to this fellow and you can't miss the four things every breeder looks for, speed, disposition, speed and looks. See him before buying your mares. Season money due the highest mare at \$10 to insure or bred to another horse. Mares kept at 10c per day and all care taken, but will not be responsible for accidents or escapes. Don Varrick is a 2:10 trotter if he had the proper handling.

Also at same place will stand —
Two Mighty Jacks Two,
CLIFTON and RUSSEL.

Clifton is a black jack with light points, 4 years old last September, 15 1/2 hands high with a matchless head and ear, well set on a rangy neck, has plenty bone and substance and as a breeder he is not surpassed.

RUSSEL
Is a black jack with light points, 4-year-old last August, full 15 1/2 hands high with as much finish and action as a horse, and as a breeder he is the equal of any jack. Both of these jacks will serve mares at \$10 to insure a living colt. Trading the mare forfeits the insurance. Care will be taken to prevent accidents, but will not be responsible for any occur. Jennets will be cared for after June 1st, and bred by private contract.

Almont Dare

3228.

A. S. H. R.

Sired by Dignity Dare 1982, he by Chester Dare 10, he by Black Squirrel 58, he by King William 97, 1st dam Tokaway 4768, also registered in Vol. 10, A. T. H. R. She by Abdallah Mambrino 3715, he by Almont (33); 2nd dam Lady Davis by Crit Davis, by Bourbon Chief; 3rd dam Mattie S., by Foreign Light, by Foreigner, by Imported Glenco; 4th dam Bettie C., by Cunningham's Copperbottom; 5th dam by Imported Buzzard.

NOTE.—Almont Dare, so far as we are able to discover is the first horse on record having to his credit the honor of defeating with his own progeny those of his sire, Dignity Dare. Since he first became a sire he has had from 1 to 4 premium colts shown each year at the different county fairs and they are developing into a fine lot of walk, trot and 3 guined ones. This horse is the result of a lifelong mating with the best dams and sires obtainable, and as a natural result is a fine horse, beautiful bay, about 16 hands, and made fat, would weigh around 1200 pounds. A show horse among champions, fully their peers, going 6 distinct saddle gait all fast, true and naturally extremely high. A high tailed one. He is a full brother to that walk-trot gelding Nettleton that sold at a 4 year old for \$3,600, and to Troxy Dare that has won more premiums than any mare ever sired by Dignity Dare and a list of others too numerous to mention. This horse, owing to age and location, will make the season at our stable, 2 1/2 miles from Hustonville on Hustonville and Liberty pike, at \$15 to insure a live colt. Mares traded or bred elsewhere renders season due. Grass in abundance at \$2 per month. Our personal attention to all stock, but will not be responsible for accidents. Correspondence and best of all inspection invited.

BEAU NABOTH.

45,000.

Sired by Naboth 10-116, Record 2:19 1/4. Beau Naboth's first dam, North Baughman by Naval 881 record 2:14 1/4, by Electioneer 128, second dam Lela Jr., sired by Metropolitan 1872 by Hamilton 10, third dam Josephine, sired by Monrovia Starlight 3912 by Baribay 41, fourth dam Mary Withers by Oliver thoroughbred, fifth dam sired by Wagner, sixth dam sired by Imp Tronby, seventh dam sired by Tharston's Rattler. Beau Naboth is a large horse standing 16 hands and weighing condition 1,180 pounds. When he becomes acquainted with the story of his limited education you begin to realize that he is truly a remarkable harness stallion, that must be a great horse is proved by the wonderful progress that he has made. With very little handling he has proven to be the champion harness stallion of Kentucky. He has won over the best horses that Kentucky has produced. Read of him and you will see that there are no better bred stallions in Kentucky than he is. He gets first-class combined horses, give him a saddle mare he will get you a saddle colt, give him a trotter mare, he will get you a trotting colt, remember Beau Naboth is combined with more record families than most any horse in Kentucky. George Wilkes Electioneer, Hamilton and four crosses of thoroughbred to give him stamina. Come and see this horse he lives without a fault, he is perfect from end to end, his three crops of colts cannot be excelled by any horse. Will stand at the Nunneley Stock Yards. John Cook, caretaker, phone 194, the best personal care taken.
